Ordinance Requirements

Pursuant to the Town's Mobile Tower Siting Ordinance, The application must contain the following information:

- a. The name and business address of, and the contact individual for, the applicant.
- b. The location of the proposed or affected support structure.
- c. The location of the proposed mobile service facility
- d. If the application is to substantially modify an existing support structure, a construction plan which describes the proposed modifications to the support structure and the equipment and network components, including antennas, transmitters, receivers, base stations, power supplies, cabling, and related equipment associated with the proposed modifications.
- e. If the application is to construct a new mobile service support structure, a construction plan which describes the proposed mobile service support structure and the equipment and network components, including antennas, transmitters, receivers, base stations, power supplies, cabling, and related equipment to be placed on or around the new mobile service support structure.
- f. If an application is to construct a new mobile service support structure, an explanation as to why the applicant chose the proposed location and why the applicant did not choose collocation, including a sworn statement from an individual who has responsibility over the placement of the mobile service support structure attesting that collocation within the applicant's search ring would not result in the same mobile service functionality, coverage, and capacity; is technically infeasible; or is economically burdensome to the mobile service provider.

APPLICANTS CERTIFICATION: I certify by my signature that all information presented herein is true and correct to the best of my knowledge. I give permission for the staff of the Town of Marshfield to enter my property for the purpose of collecting information to be used as part of the public hearing process.
